## Customer Reviews

When I was reading this book I saw it was missing some pages, and thought it was just a coincidence. Then, when I saw it a second time, I was really annoyed. So, I skipped to the end of the book and wrote this comment. Don't get this book!!!!!!!!!!!! ^\_

It was a really great story and I do not know why people said there were missing pages. I did not see any missing pages or parts. I would recommend this story to kids through first grade and third

grade.

Sorry but this is just too boring!! I couldn't follow along with the book. Blah blah zombie. Blah blah another zombie. Way too boring. Poorly written. I saw another review saying there is missing pages!! It was true! Don't get this book unless you have Kindle Unlimited. You will see how bad this book is! :(

5 stars Good book but in real minecraft it's way easier to defeat zombies and spiders I highly recommend anyone to read this book

His favorite part was when Steve and sky went into the mines and a spider jumped on them. 2 more words required.
