Fox In Socks (Beginner Books(R))

Synopsis

Fox in Socks celebrates 50 years of troubling tongues! This classic Beginner Book by Dr. Seuss features silly tongue twisters that will have young readers--and their parents--giggling with glee. When a fox in socks meets Knox in a box, hilarity ensues. Add chicks with bricks and blocks and clocks and you're sure to get your words twisted and lips locked! With his unmistakable gift for rhyme, Dr. Seuss creates a hysterical and energetic way for beginning readers to dive into the joy of reading. This book comes with the following warning: "This is a book you READ ALOUD to find out just how smart your tongue is. The first time you read it, don't go fast! This Fox is a tricky fox. He'll try to get your tongue in trouble." Available for a limited time only with a peel-off 50th Anniversary Edition sticker on the cover, this is an ideal gift for the holidays, birthdays, and happy occasions of all kinds that the whole family will enjoy. From the Hardcover edition.

Customer Reviews

Sure, it teaches valuable vocabulary words and rhyme schemes to tiny tots. And no doubt there's a thesis somewhere comparing hapless Knox to Stalin knocking heads against the red-white-and-blue American Fox. But *Fox in Socks* is above all other things the first instrument of torture children can

use against their parents. Take Father, tired out from a hard day at the office. "Read me a story, Daddy," coos his blond princess. Father bravely tries to wrap his tongue around "Luke Luck likes lakes./ Luke's duck likes lakes." Daddy's little angel chortles with each misspoken word -- and there are plenty of them by the time he arrives at the muddle puddle tweetle poodle beetle noodle battle paddle battle." She goes to sleep secure in the knowledge that not only can she grow up to be president, but that she's already smarter than her poor parents. And that's the genius of Dr. Seuss. His tongue teasers and outrageous Goo Gooses and Bim Bens and Tweedle Beetles don't just foster imagination -- they encourage kids to let it run rampant.

Dr. Seuss has created another entertaining children's classic with "Fox in Socks." The plot is simple: the clever title character dazzles his friend Knox with a series of increasingly complex tongue twisters. Along the way, Seuss reveals a number of fantastic images: a marching band in which all the musicians are pigs, a crow in a top hat, and more. The book even has a touch of science fiction when the Fox introduces Knox to a weird lake of chewing gum-like blue goo. But it's the tongue twisting rhymes that are the central attraction of this book. By the time you get to the "muddle puddle tweetle poodle beetle noodle bottle paddle battle," you will certainly appreciate Seuss's writerly virtuosity. This is a fun book, and the Fox earns his place alongside Seuss's most memorable characters.

I ordered this book, thinking it would be in English. When I received it, however, it was a dual language book, with both English and Chinese. The description says nothing about this, but the image shows what it looks like. It ends up being quite befuddling to the eye to have 2 languages right under one another. For a book that's meant as a learning/tongue-twister book that's meant to be read quickly, it makes it far too confusing. I was able to get a refund, however.

My 3 year old daughter loves this book. When I say an app for it, I had to get it for her. She loves watching the kindle as it reads to her and touching various things and seeing the words pop up. My only issue is that when you try to turn pages yourself, you have to click on the screen a few times before it moves. Kind of annoying when your toddler has a short attention span.

Even though it elicits the occasional groan of agony from the adult doing the reading, Fox in Socks is THE favorite book in our house! That silly, socks-wearing fox and poor, beleaguered Mr. Knox have brought many a giggle to our bed-time reading adventures, not to mention the childish howls of

laughter heard during the pathetic, tongue-tripping rendition presented by the victim...ahem...parent chosen to do the reading. From the start of the game to the beetle-battle atop the noodle-eating poodle at the end of the story, Fox in Socks is a frolicking romp for kids of all ages. Every house with or without children should have this book-it's a classic no library should be without!

This board book makes no sense! While the original Fox in Socks follows two characters as they tackle more and more tongue twisters, this board book just eliminates about half of their dialog and a few of the harder twisters. Where's Luke Luck and his Duck that lick lakes? Where is old Joe Crow? Why only half of the poodle noodle battle? What about Bim and Bin's Big Pig Broom Bands? Don't get this book. Pick up the beginner's library version if you are pressed for cash, but DO NOT BUY the board book.

Although advertises this book for ages 4-8, my wife and I started reading this and other Seuss books to our children from 6 months on. Always a delight, our kids would laugh at the silliness while acquiring a zest for life at the same time. We started a great habit of reading two or three Seuss books before bed, and the kids loved them. Soon, they would memorize many of the phrases, beginning a lifelong passion for reading. Every kid should experience reading Fox in Socks while growing up. Join the Fox in Socks as he leads Mr. Knox on a zany adventure of learning and silly rhymes. Combine it with other fun Seuss books and your kids will sit enthralled as you turn the pages. Highly recommended.

I bought a horse a year back and his name was Fox in Sox. I was informed that this was the previous owners' favorite childhood book. I bought the book and I must agree. As silly as it may sound to have a show horse named Fox in Sox, I am very glad, because I loved this book! We were going to change his name but after I read the book, I just couldn't and he shows proudly as the only horse named Fox in Sox!
