# Managerial Accounting: Tools For Business Decision Making, 7th Edition

## Synopsis

Managerial Accounting: Tools for Business Decision Making, 7th Edition by Weygandt, Kimmel, and Kieso provides students with a clear introduction to fundamental managerial accounting concepts. The Seventh Edition helps students get the most out of their accounting course by making practice simple. Both in the print text and online in WileyPLUS with ORION new opportunities for self-guided practice allow students to check their knowledge of accounting concepts, skills, and problem solving techniques and receive personalized feedback at the question, learning objective, and course level. Newly streamlined learning objectives help students use their study time efficiently by creating a clear connections between the reading and video content, and the practice, homework, and assessments questions. Weygandt, Managerial Accounting is a best-selling program ideal for a one semester undergraduate Managerial Accounting Course that focuses on teaching students the core concepts. \*WileyPLUS with ORION is sold separately from the text.

## Customer Reviews

Very good for beginners. The end of each chapter has sample problems with thorough

explanations, much clearer than other financial accounting books I've had in the past.

Good text. Clear writing with good illustrations.

Purchased for managerial accounting college course. Needs more examples, but otherwise good.

Good pricing. But the book I got was already falling apart when I received it

Received in stated condition

great service and product
