10,000 Reasons (Bless The Lord): Easy Piano, Sheet

Synopsis

Matt Redman's "10,000 Reasons" is a modern worship favorite sung in churches everywhere. This piano arrangement by Carol Tornquist is easier to play than the original sheet music edition. The melody is played by the right hand, so it's a great sounding piano solo if a vocalist isn't present. Complete lyrics and chord names are included.

Customer Reviews

I like the song, but would have loved it if it hadn't been shipped to me all creased and folded. We contacted and a replacement was sent. It was creased and folded worse than the first one! Finally sent it back and asked for a refund. Great song. Would have been fun to play if it could have just been able to stay upright on the piano.

The shipping was incredibly fast and I loved the product. It is not for someone just starting piano, I think that it should be more like "Intermediate Piano" but other than that, no complaints! Great product!

This easy version of 10,000 Reasons will not disappoint! There are rich sounds here, that will please both the pianist and the listener/s. Glad to offer this to my students.

Just what I wanted. This was not too hard, not too easy. I have already purchased from this buyer

again.
