Messi: Best Of The Best. Easy To Read For Kids With Stunning Graphics. All You Need To Know About Messi. (Sports Soccer IQ Book For Kids)

Synopsis

Lionel Messi - Best of the Best So, you've started looking into the wonderful world of Lionel Messi. While for years it was considered that nobody would ever get near the likes of Diego Maradona ever again, especially an Argentine, Messi has gone and changed the game entirely. As one of the most successful footballers of his generation, Leo has been involved in a huge amount of different events and significant changes in his life as he has gotten older. So, what makes Messi amazing? Simple, fun, interesting and easy to read, after reading this book, you will know exactly what makes Messi amazing. You will have great ideas and determinations to become like him one day. You will know exactly why there are such quotes about Messi: "Messi is the Mozart of football." - Radomir Antic "Once they said they can only stop me with a pistol. Today you need a machine gun to stop Messi." - Hristo Stoichkov "Messi is God, as a person and even more as a player. I knew him when he was a boy and I've watched him grow. He deserves it all." - Samuel Eto'o and so much, much more... Get this book now and join the adventure of Lionel Messi - The Best of the Best

Customer Reviews

A fantastic book, aimed at children to describe the life of Lionel Messi. Extremely well illustrated and

focused on soccer, this book will certainly keep children interested throughout. The wording is reasonably simple and while short, is still a great read. Perfect for kids and highly recommended!

I bought the "paperback" version of this book as a gift for a child. This is not a book produced by a publisher, but a high quality print of the much less expensive kindle ebook. The book has an introduction, 6 chapters, and a conclusion (each is one page long). The remainder of the "24 page" book is photos and ads for other kindle ebooks by the author. My fifth grade son has written better books than this one. It may be worth the lower priced kindle download, but it certainly is not worth the higher priced paperback cost. I am utterly embarrassed to give this as a gift.

i don't usually post reviews and wish everyone the best in life but i have to be honest that is a terrible excuse for a "book". It's a pamphlet. 50% of the book is ads for other books by the writer. I have never seen this before in a "book" and is shady. With a weak intro page and roughly one page for each of the 6 chapters, it is not worth \$18. At best it's worth \$3 at a book fair. I don't recommend this and actually returned for a full refund for \$18 + tax. If you are thinking "picture book" for the kids, the pictures are poor quality and there aren't that many. Not the what i would expect of a book for kids. The writing is not for kids under 3rd grade and what is written is very weak on substance. My 10 year old whom is a big fan of Messi was very disappointed. Even a younger kid around 6 would find this weak. I recommend you avoid this.

I bought this book for my nephew who is 8 because he loves messi, and the description said this was good for a 3rd to 6th grade reading level. It is accurate that a 3rd grade could comprehend this book. However, the typeset is so small they would need a magnifying glass to see it, and would have a really hard time making out the words even then. Plus it's only about 20 pages. I'm sure it said that somewhere, but it's not a great value
