Customer Reviews

24 paintings with dates of creation included that looked real good even on my black and white kindle. Decided to take the day off and went with the missus to our regional art museum and had fun hunting down one of the original artists' work to compare against and was well pleased. Only thing I might have changed with regard to the book presentation would be to include less self-portraits and more of his landscapes and other works instead. Very good book and happy to report that I just picked up Paul Cezanne Paintings next and am hoping to go on another adventure real soon!

It's so simple that you'll ask yourself why you couldn't figure it out by yourself...life's too short to hold

on to grudges and unforgiveness...God knows the truth and will ask for an accounting of actions one day....for now, let it go and live your life happily and freely...your rewards will come to you when God knows the time is right.

Love looking at them. Engages the mind and imagination. Also use them as "focus" objects for art class...interesting to see other's interpretation of the famed works of art...

The book is good and the paintings are in full colour but there is absolutely no information on the paintings except their names. No information on the painter either

THE OUI THINK YOU COULD BE WORSE IN A WHILE NOW. WE NEED EXCELLENT INFORMATION TO FORM OUR OPINION ON MATTERS RELATING TO OUR LIVES.the

Perfect for our Classical Conversations group and also her Atelier art classes this fall. I wish I would have found them last fall but better late than never!

ALL of the "books" on the paintings of the great art masters, that are being reproduced under Mr. Cesar's name are TOO small to be seen or enjoyed.
