The Star Spangled Banner For Clarinet

Synopsis

This ebook contains the sheet music for The Star Spangled Banner, written by Francis Scott Key and arranged for beginning musicians playing the clarinet. The notes are scored in a way that they should be playable by most beginning musicians in their first two years of music instruction. If the normal melody of the song travels outside of the easy playing range on the instrument then alternate notes have been provided. Simply play the top or bottom note and the song will still sound very close to the original. This arrangement of the Star Spangled Banner has been arranged in the key of concert B-flat Major. The music in this ebook can be played as a unison duet with someone else playing on any common concert band instrument if that student uses the ebook that corresponds to his or her instrument.

Customer Reviews

There is always a preference for music sheet in real paper but this works well too. I use a Kindle fire HD and the kid wishes that the notes could be bigger but he is a kid and they can see better than adults.

its too small to read on the kindle screen. with the double notes it makes it difficult to read the notes.
