# The Clintons' War On Women

## Synopsis

Hillary Clinton is running for president as an advocate of women and girls, but there is another shocking side to her story that has been carefully covered up until now. This stunning exposé reveals for the first time how Bill and Hillary Clinton systematically abused women and others sexually, physically, and psychologically in their scramble for power and wealth. In this groundbreaking book, New York Times bestselling author Roger Stone and researcher and alternative historian Robert Morrow map the arc of Bill and Hillary's crimes and cover-ups. They reveal details about their actions in Arkansas, during Bill Clinton's time in the White House, about who really ordered the deadly attack on the Branch Davidian compound in Waco, during Hillary's tenure as secretary of state, about their time at the Clinton Foundation, and during Hillary's current campaign for president. This is the first book to shed light on the couple's deeply personal violations of the people they crushed in their obsessive quest for power. Along the way, Stone and Morrow reveal the family's darkest secrets, including a Clinton family member's drug rehab treatment that was never reported by the press, Hillary Clinton's unusually close relationship with a top female aide, and a stunning revelation of such impact that it could strip Bill Clinton of his current popularity and derail Hillary's push to be the second Clinton in the White House. Anyone who cares about the future of the United States will want to read this tell-all, exposing the appalling, unvarnished, and ugly truth about the Clintons. This paperback edition includes a new preface from Roger Stone, revealing explosive new information he learned since the hardcover's release.

## Customer Reviews

Roger Stone's and Robert Morrow's new book, "The Clintons' War on Women," is the ultimate Clinton Exposure: A "no holds barred" look at the numerous scandals and criminal behaviors of Hillary and Bill Clinton which have previously been either indelicately hidden, perfunctorily denied or spun into oblivion by them and their sycophantic apologists. This account lays bare all the gory details of how the Clintons have exploited the generally sympathetic and politically correct news media to build a nearly-impenetrable shell around themselves and their enigmatic "Clinton Foundation." From the first pages of the Introduction to the last pages of the Epilogue, this is a riveting page turner and a persuasive, albeit very disturbing, account of how patterns set by certain White House predecessors were replicated by the Clintons to protect them from their own sordid past. This book is not for the faint-hearted; those who want a distilled and gentle rendition of why there is such a profoundly divergent dichotomy between their "good vs. bad" reputations will be stunned by the contents of this uncompromising book. But a sugar-coated, quasi-attack could not have produced the transformational look into the innermost sanctums of the Clinton's personae that this book affords. Clearly, when these authors set out to "correct the record," they decided early-on to check any reservations or inhibitions at the door: The Stone/Morrow charge is of the full-frontal, no-retreat style, as described by Stone himself in the Introduction: "I believe in presenting the naked truth, and I am not holding back.
